## Work Experience

**Azami Global | Product Designer** | 2024 - Present

- Leading UX design for a B2B SaaS platform, owning the end-to-end design process from discovery to delivery for complex workflows and system features.
- Conducting user research and usability testing to deeply understand client needs, uncover pain points, and continuously refine user flows and interaction patterns.
- Collaborating cross-functionally with product management and engineering teams to translate complex requirements into user-centered, scalable design solutions.
- Defining and iterating on wireframes, prototypes, and high-fidelity designs in Figma, contributing to design system standards and delivering clear specifications for developers.
- Making AI tools an integral part of the product building process and creating a unified workflow across design, research, product, and engineering.

**Wix.com** 2015 – 2023

**Product Marketing** 2021 – 2023

- Owned the full design process for product initiatives - studying market trends, competitor analysis, and user data to form design and product recommendations.
- Collaborated with UX designers, product managers, and frontend developers to understand user requirements and deliver clear, accessible design specs aligned with product goals.
- Drove design consistency across product surfaces, ensuring experiences were on-brand, scalable, and optimized for user engagement.

**Web & Brand Designer** | 2015 – 2021

- Owned end-to-end creative projects spanning brand identity, UI/UX design, landing pages, campaigns, banners, emails - reaching millions of users daily.
- Developed strong visual language and brand concepts, collaborating with stakeholders to translate strategic goals into compelling digital experiences.
- Quickly adapted to new domains, tools, and technologies, delivering innovative design solutions across diverse digital and print assets.

## Education

Create UX School - **UX Program** / 2021 – 2022

Completed an intensive program focused on product design and characterization processes with an emphasis on correct work methodologies. Developed expertise in entire product processes, from research to testing and optimization.

6B Studio - **Graphic Design Studies** / 2011

University of Haifa - **L.L.B, Law** / 2005 - 2008
